

as a prisoner of war. In his civilian life, he dedicated his career to serving veterans. Most recently, joining Governor John Kasich's cabinet as director of the Department of Veterans Services, he also served as the Ohio director for Troops to Teachers in the Department of Education, and he served as director of the Fairfield County Office of Emergency Management and Homeland Security.

Through his career, Colonel Moe has rightfully earned a number of public service awards and decorations, including two Silver Stars, a Distinguished Flying Cross, a Bronze Star Medal for valor, and two Purple Hearts. He was also inducted into the Ohio Veterans Hall of Fame in 2009 by Governor Ted Strickland.

I'm truly honored to call Colonel Moe a friend, and I join hopefully with the other Members of Congress in wishing him a happy retirement.

STUDENT LOANS

(Mr. GARCIA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GARCIA. Mr. Speaker, today I rise to urge my colleagues to reverse the doubling of rates on student loans.

Education is and will always be the great equalizer in this country. It was central to my success. And with 7 million students relying on Federal Stafford loans, it is our responsibility to keep college education affordable.

It is also necessary to keep our Nation competitive globally. That is why I cosponsored the Student Loan Relief Act, which extends the 3.4 percent student loan interest rate until 2015.

I call upon my colleagues in both the House and the Senate to take action so that college remains within reach for all Americans who dream about earning a degree, starting a business, or shaping the future.

IN RECOGNITION OF TONY CAMPBELL

(Mr. GOSAR asked and was given permission to address the House for 1 minute.)

Mr. GOSAR. Mr. Speaker, I rise today to recognize and honor the community service of Mr. Tony Campbell.

Tony moved to Kingman, Arizona, in 2001 to become general manager of Route 66 Motorsports, also known as Mother Road Harley-Davidson.

He also joined the Kingman Area Chamber of Commerce and began leading his community, constantly finding ways to lift others up as he strived to better the lives of those around him. He organized what would become one of the chamber's signature fundraisers, the Harley raffle dinner. He is an avid outdoorsman; and, of course, he loves his motorcycles.

In 2009 after 8 years of service with the Kingman Area Chamber of Commerce, he was asked to join the board

of directors and serve on the business and government committee. With his larger-than-life personality, he had an amazing ability to bring others together, both business and government, using the strengths of each to complement each other. He showed again his leadership, one the chamber could depend on.

For the last year, Tony has served as chairman of the board for the Kingman Area Chamber of Commerce. As his time in this role comes to an end, it is with honor and appreciation that I stand here and recognize Mr. CAMPBELL for his service. I am pleased to recognize him today before this great body as a true American and a leader of businessmen and businesswomen of Kingman, Arizona.

DIWALI STAMP

(Mrs. CAROLYN B. MALONEY of New York asked and was given permission to address the House for 1 minute.)

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I would like to invite my colleagues on both sides of the aisle to join me in asking the Citizen's Stamp Advisory Committee to issue a staff stamp in honor of Diwali. H.R. 47 has over 41 bipartisan cosponsors.

Diwali marks the beginning of the Hindu new year, one of the oldest and most storied holidays in the world. It symbolizes the triumph of good over evil and of light over darkness. Diwali is celebrated by over a billion Hindus, Sikhs, Buddhists, Christians, and Jains alike. It has been celebrated and honored in the White House by both parties. But Diwali has yet to join the legion of holidays that we honor with a stamp.

Yesterday, Congressman BERA, along with the Indian American leaders, including Ranju and Ravi Batra, delivered over 1,300 personally signed letters in support of the stamp to the Deputy Postmaster General. They also delivered over 400,000 signatures on a petition in support of the stamp.

The time has come to issue a Diwali stamp. Please join me in asking the Citizen's Advisory Committee to do so.

HONORING AMERICA'S TEACHERS

(Mr. YOHO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. YOHO. Mr. Speaker, this week the House will spend a lot of time talking about education and what's best for our students, but I want to make sure we spend a few moments to recognize America's teachers.

Just after the tornadoes in Oklahoma this spring, a constituent of mine pointed out to me that the teachers at the elementary school in Moore and in the terrible tragedy in Newtown were more than educators. They were first responders. They acted not simply out of human decency, but out of the deepest dedication to service to protect our children.

While most of America's schoolchildren are out enjoying summer vacations, their teachers are preparing for the school year ahead. They sacrifice time with their own families and spend their hard-earned money because putting the students first isn't part of any Federal or State mandate. It's a special calling on the teacher, deep within their heart. I ask my colleagues and constituents to join me in honoring that calling, encouraging it, protecting it, and thanking all of America's teachers for their unselfish dedication and service.

SEQUESTRATION THREATENING PUBLIC SAFETY

(Mrs. CAPPS asked and was given permission to address the House for 1 minute.)

Mrs. CAPPS. Mr. Speaker, sequester furloughs have recently begun for hundreds of thousands of civilian Department of Defense employees. We know budget sequestration is a bad policy. It's an ax where we need a scalpel. It's hurting families and workers across the country, and it's threatening public safety. For example, at Vandenberg Air Force Base in my congressional district, firefighters are being furloughed and budget cuts may lead to the elimination of its elite Hot Shot crew.

Vandenberg Air Force Base is a high-risk fire area, and this year's fire season started early, is expected to be worse than previous years, and has already produced the deadliest single incident for firefighters since 9/11. We should not be furloughing firefighters in the middle of fire season. We should not be compromising public safety.

I urge my colleagues to put aside our differences and get to work to find an alternative to these furloughs and end sequestration at every level once and for all.

HEALTH CARE AND PPACA

(Mr. SALMON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SALMON. Mr. Speaker, I rise today to express my continued concerns with the Patient Protection and Affordable Care Act. It seems that every day we learn a new way this law is negatively impacting the American middle class.

Last week, three prominent unions sent a letter to the Senate majority leader and the House minority leader. In the letter, union leaders highlighted how ObamaCare is driving up the cost of small group insurance plans, causing employers to drop employees from their coverage or convert the employees to part-time status.

In fact, that's exactly what happened in my district in Mesa, Arizona. The Maricopa Community College District
